Wave of Bad Checks Brings Police Warning

"An increase in bad checks and petty thefts during the past few weeks has brought another warning to merchants and hotel owners by Chief of Police August G. Kettmann, who said that merchants should use caution in cashing checks, especially those for small amounts.

The chief added to his warning by explaining that hotels that do not have garage or supervised parking, should caution their guests against leaving valuables in their cars. A wave of car clouts have been reported in the Village recently most of them cases where cameras, clothing, and other valuables have been left on the seats of the car. Even locked cars have been broken into when it was evident that the valuables in the car were worth stealing, Kettmann said.

Chief Kettmann remained employers of the local fingerprint registration ordinance for employees and said that it has been found that most of the persons arrested for crimes in the community have not been processed under the ordinance.

Hungary Seals Border Area

VIENNA — Communist Hungary sealed its border with Marshal Tito's Yugoslavia today, and ordered mixed patrols of Hungarian and Russian soldiers to shoot anyone trying to escape.

Budapest Radio announced that five counties along the border had been declared a prohibited area and could be entered only with special documents.

City Council Agrees to Appeal Decision

City attorney Jerry Bunker told city council yesterday at its luncheon that "there were certain areas of the opinion handed down by Judge Hilton McCabe on the Right-to-Work law, that we want to appeal," and added that he would request an appeal of the finding.

Although the request drew the fire of councilman Leonard Wolf, other councilmen present indicated that they would approve Bunker taking the case to the California State District Court of Appeals.

WOLF, WHO HAS voted continuously against the Right-to-Work legislation by the city, said yesterday that the council "had taken the ball for the Employers Association, and now that the court has decided against it I see no reason why we should spend taxpayer's money to keep on going."

Mayor Florian Boyd, answering Wolf's statement, said that he had "been approached by many people, even working men who have asked that the city continue its fight for Right-to-Work legislation."

THE NEW QUEEN is the daughter of Mr. and Mrs. John Duer, of Ramon Trailer Park. She was sponsored by the Cathedral City Junior Women's Club.

Queen Barbara will reign for nine days, throughout the entire running of the County Fair and Festival, from Feb. 16 through 24.

Nixon to Attend African Gold Coast Ceremony

WASHINGTON — The White House announced today that President Eisenhower has asked Vice President Richard M. Nixon to represent the United States at ceremonies in March celebrating the independence of the Gold Coast in Africa.

The Gold Coast is the first British colony in tropical Africa to receive independence. On March 6 it will become a member of the British Commonwealth.

The independence ceremonies will run from March 3 to 10. March 6 is the effective date of independence.

Specific travel plans for Nixon were not available beyond the fact that he will be in Accra, the Gold Coast capital, on the day of independence. He will be accompanied by Mrs. Nixon and an official U.S. delegation.

Chou Denounces 'Doctrine' Again, Ceylon Agrees

COLOMBO, Ceylon — Chinese Communist Premier Chou En-lai denounced the Eisenhower doctrine today. He asked "why should we always listen to the President of the United States?"

Chou put the question to a news conference at the end of his visit to Ceylon. During the conference he complained about the refusal of the United States to recognize the Peiping regime and permit the "rightful restoration" of China to the United Nations.

He said the United States could withhold recognition of Communist China "for 10 or 100 years but China will not topple."

The same theme was reiterated in a joint communique signed by Chou and Ceylon's Premier Solomon Bandaranaike.

Adenauer Plans To Retire in 1959

BONN, Germany — West Germany's 81-year-old Chancellor Konrad Adenauer plans to step down in 1959 without trying to name any one successor, close associates said today.

The sources said Adenauer is confident of winning next September's general elections and hopes to remain at the head of the government until 1959 when he will be 83.

He will then stand for the office of federal president which becomes vacant that year at the end of President Theodor Heuss' second term.

Three Children Killed in Fire

SYRACUSE, N. Y. — Three children died today in a fire that destroyed a one-story garage converted into a home.

The victims were three of nine children of Mr. and Mrs. Edward C. Wilkins.

"My God, my God," the father screamed as five policemen restrained him from entering the burning building.

Mrs. Wilkins carried one child from the home. The other children, the oldest 14 years old, were at school when the fire broke out.

Hoover Uses Experience in Inflation Signs

WASHINGTON — Former President Hoover warned Monday night he can't detect the signs of a hair-curling depression because "mine has already been curled once."

Mr. Hoover, whose administration saw the beginning of the last great depression, said these signs are visible in the current inflationary trend. He blamed the trend on "pressure groups" and government spending.

"YOU DO NOT NEED to be told that unless inflation is stopped, the end is a bump," he said in a speech to the third National Reorganization Conference.

Mr. Hoover cited Treasury Secretary George M. Humphrey's recent warning that continued big federal spending could lead to a depression "that will curl your hair."

UNLESS INFLATION is curbed "on its way up," Mr. Hoover said, "old man economic law will return with a full equipment of hair curlers."

President Eisenhower presented the 82-year-old Republican "elder statesman" a citation at the conference for the "incalculable good" Hoover has done in promoting governmental reforms.

Burglars Net \$50 Cash From Whitney's Market

Burglars smashed into Whitney's Market in Cathedral City Sunday and carried off an estimated \$75 in cash and merchandise.

In the store's second burglary during the past month, the culprits entered the store by smashing the glass in the front door. They took \$50 in silver and about \$25 worth of cold meats and cigarettes, store owner Jim Whitney told sheriff's deputies. The store is located at 791 Broadway.

Reds Reduce Arms Budget By \$1.5 Billion

Total Expenditure Listed in Budget At \$24.1 Billion

MOSCOW — The Soviet government announced today it would reduce its 1957 arms budget by more than six billion rubles (\$1.5 billion). It was a reduction of almost six per cent in the funds allocated last year.

The announcement was made by Finance Minister Arseni Zverev, who presented the 1957 budget to a joint session of the Supreme Soviet.

ZVEREV SAID the proposed total arms was 96.7 billion rubles, about \$24.1 billion. He said the 1957 arms figure totaled 16 per cent of the budget as compared with 18 per cent in the 1956 budget.

The four rubles to one U.S. dollar rate of exchange is an arbitrary one established by the Soviet government. It does not reflect the real buying power of the ruble which would be considerably less.

THIS IS THE second consecutive year the Soviet Union has reduced its visible military budget.

The projected U.S. defense budget is \$38 billion, an increase of \$2 billion. This is higher than Russia's when rubles are translated into dollars at the official rate of exchange of four rubles to a dollar. But such a comparison is regarded as unrealistic since the official rate is considered artificial.

THE UNITED STATES is spending for defense about nine per cent of its gross national products of \$424 billion. A similar comparison for the USSR was not immediately available.

The figures do not include expenditures on guided missile, rocket or nuclear weapons.

All prominent government and Communist party leaders attended the joint session.

DEPUTY PREMIER Mikhail A. Pervukhin, Russia's top economic planner, delivered a report on the 1957 industrial plan. He announced the expansion rate of the Soviet economy, including heavy industry, would be reduced more than 35 per cent this year.

Both houses agreed to a major debate on Soviet foreign policy during the current meetings, the first since the upheavals in Poland and Hungary.

New General Science Room Use Started

Board of Education yesterday, after an inspection tour of the new general science room at Nellie N. Coffman Junior High School, approved the use of the building, starting today.

The new room, which is not completely finished, will hold seven class periods, averaging about 35 students per class.

ARMED WITH HIS POLAROID camera, his most familiar trademark, Arthur Bliss "Conky" Konkright, poses for one of the last photos taken of the 75-year-old cameraman before he was stricken with a heart attack while snapping shots of Village personalities at the Golden Nugget Ball Saturday. Conky died a few minutes later.

'Conky' Konkright Died As He Wanted—With 'Boots On'

Stricken by a heart attack while engaged in his favorite occupation—shooting Polaroid pictures of Palm Springs personalities—Arthur Bliss "Conky" Konkright died here late Saturday night.

He was 75.

A legendary figure on New York's White Way in the days of prohibition, the weathered, beloved citizen who became a village personality himself died as he vowed he would—"with my boots on."

HE WAS STILL wearing the battered, prized boots when he was carried from the dance floor of the Tennis Club, where he collapsed while shooting pictures of the Golden Nugget Ball with his familiar Polaroid camera.

Conky died in the arms of Pete Pettito, who carried him from the crowded room.

The death of the publisher of the "Palm Springs Pup" ended a colorful career that stretched from silent films, through the vaudeville stage to the lusty days of prohibition, when, as the mysterious "Mr. K," he wore the undisputed crown in New York of the "King of Bootleggers."

AS A YOUNG MAN, the thrice-married Conky cut a romantic figure as a jaunty, bearded "rake." He went into silent films after a sojourn in a hospital where a nurse told him he "should be in the movies."

An accomplished dancer, Conky tapped across the footboards of Broadway as an early-day Astaire. When the speakeasy was the

rage of the continent, Conky was known as the only man ever to inject a code of ethics into the raucous world of bathtub gin. He retired as "society's bootlegger" in 1925 and published a long series of autobiographical articles in the old New York Graphic the same year.

FOR MORE THAN 10 years, pictures of Conky and his second wife Marie Diedo, a famous model, were constantly appearing in the pages of New York dailies.

Conky's widow is the former Vivian Hart, prominent light opera singer famed for her performances in Gilbert and Sullivan operas.

Conky an "Illinois boy," settled in California 22 years ago and moved to Palm Springs some two years later.

He lived for many years in his famous "tree house." At the time of his death, Conky and his wife lived at the Casa Cody, 175 South Cahulla.

PLAGUED BY a heart ailment in his later years, Conky refused to submit to an inactive existence, and he and his wife were constant prize winners when

WASHINGTON UP — The administration told Congress today school children may be handicapped permanently by "inadequate education" unless it votes quickly to spend \$1.3 billion for new classrooms.

WASHINGTON UP — V. A. Malyshev, deputy chairman of the Council of Ministers, was reported today to be the high Soviet official who is in "critical" condition at a Moscow hospital. He is highly regarded as an industrial expert, and has been a high official in the Soviet atomic energy industry.

RENO UP — An explosion shook a busy downtown intersection area here today. Police believed the list of dead and injured would run into the scores. Fire raged out of control in one building.

Adds U.S. Not Thinking Of Sanctions

No Plans Now to Retire, Is Answer to Query

WASHINGTON — Secretary of State John Foster Dulles said today he has good grounds to hope Israel will comply with a U.N. resolution calling for speedy withdrawal from the Gaza Strip and the Gulf of Aqaba.

At his first news conference since Dec. 18, Dulles said the United States is not thinking of supporting sanctions against Israel. He said this government now is thinking only that Israel will comply with the U.N. resolution approved overwhelmingly last weekend.

DULLES WAS ASKED by a reporter whether the United States would "go to the protection of Israel" in the event of aggression even if this meant risking war with the Soviet Union.

Without mentioning Israel directly, Dulles replied that the overall American policy is not to be deterred by fear of what the Soviet Union might do in any particular case.

Dulles said the United States has repeatedly faced up to situations involving Soviet threats. He said this is the proper course to pursue.

AT HIS 40-MINUTE news conference, Dulles also:

1. Said he has no plans now to resign or retire as secretary of state. He defended the administration's policies in the Middle East as honorable and predicted history would justify this estimate. He said it was heartwarming to hear President Eisenhower refer to him as a man of unparalleled wisdom and knowledge.

2. There has been no discussion of a Big Three summit meeting of Mr. Eisenhower, British Prime Minister Harold Macmillan, and French Premier Guy Mollet. But it would be normal for Mr. Eisenhower to meet separately with the British and French leaders in due course.

3. CONGRESSIONAL delay on the Eisenhower doctrine has not been serious yet. The delay may have weakened the psychological effect somewhat, but everyone recognizes that Congress has not been following dilatory tactics. The effect would be more serious if the impression were given that Congress was filibustering against the doctrine.

4. A visit to the United States by Yugoslav Marshal Tito would be useful as a way to exchange views with Mr. Eisenhower. Despite vigorous congressional objections which prompted Tito to put off the visit "for the time being," Dulles said he still believes a Tito visit would be useful. He said a date had never been set.

Mine Inspectors Check Cause of Gas Explosion Which Entombed 37 Men

BISHOP, Va. (AP) — State and federal mine inspectors moved into this sorrowing coal town today seeking the cause of an earth-jarring explosion that entombed 37 men in an underground labyrinth.

An official of the Pocahontas Fuel Co., which operates the huge highly mechanized mine on the West Virginia border, said it had been determined that a gas explosion killed the men early Monday.

"WE KNOW THAT," W. A. Fullerton, special assistant to the president, said. "But how it happened or what caused it we don't know yet. Maybe we'll never know."

Rescue crews located the bodies of the victims after searching most of the day through smoke and gas in the debris-choked tunnels and Monday night brought the corpses on a "death train" to the waiting relatives.

and oxygen tanks in their search and in bringing the 11-car, narrow-gauge train through five miles of winding dark tunnels to the surface.

"Some of the men were killed by the force of the explosion," Fullerton said. "Some were buried under slate rock and some died of asphyxiation."

THE ILL-FATED members of the "graveyard" shift had been working 300 feet beneath a shaft entrance which the explosion wrecked and blocked in addition to shattering windows of buildings above the ground.

The 140 other men in the mine had to scramble to safety through the "driftmouth," a second entrance used by the mine railroad.

BY THE TIME the train surfaced some 100 persons, including a number of the victim's total of 151 dependent, had gathered around six burlap-covered tables that had been set up to receive the bodies.

Afterward, a fleet of ambulances and hearses moved the victims to various funeral homes in the area. Their relatives and friends filed back to their homes in the little coal mining village.

UNITED JEWISH APPEAL committee has been organized in Palm Springs, and plans are now under way for the campaign to raise \$100,000 locally as part of the overall UJA for 1957, as well as an emergency rescue fund of \$100,000,000 for refugee care. Max Grone is general chairman, with Henry Birns as co-chairman. In charge of advance gifts are A. L. Levin and Stanley Rosin. Marion Schwartz is chairman of the Women's Division. Pictured at the initial planning session are, left to right, seated, Rosin, Ed Robbins (who with his wife will host a campaign kick-off party Feb. 24), and Mrs. Schwartz. Standing, Grone and Birns. Levin was absent. (Desert Sun Photo).

Father Comes Home, Finds 3 Children Dead

CHICAGO (AP)—A father returned home from work Monday night to find his three children drowned in the bathtub and his wife unconscious in an apparent suicide attempt.

Richard Puert, 32, of suburban Park Ridge, told the coroner's office his house was filled with gas when he arrived. He said his wife was lying unconscious by a stove with her head resting on the oven door.

Mrs. Beverly Puert, 26, was revived and reported in good condition at Psychopathic Hospital. Her husband, an official of an Evansville department store, said she had been suffering from a nervous condition but was not under a doctor's care.

Authorities estimated the children, three-year-old twin girls Debra Lynn and Cory Lynn, and five-year-old John, had been dead about four hours.

Puert said he called his wife early in the afternoon and she sounded "happy." He said he called again later, and hurried home when nobody answered.

Southern Bloc Leader Pledges Civil Rights Fight

WASHINGTON (AP)—A leader of the southern bloc in the House pledged today to fight against any civil rights legislation this year.

Rep. William Colmer (D-Miss.) said the southern bloc will "do everything we honorably can" to prevent its passage.

A House Judiciary subcommittee scheduled its second day of hearings today on civil rights legislation. Colmer promised to try to extend the hearings past their Thursday cutoff date.

HE IMPLIED THAT the longer a bill is delayed in the House the less chance there is of wearing down any southern filibuster in the Senate.

The subcommittee summoned persons from private and public life to testify today. They included Roy Wilkins, executive secretary of the National Association for the Advancement of Colored People, Edward Scheidt, North Carolina motor vehicle commissioner, and several congressmen.

Nautilus Fulfills Verne Prediction

ABOARD NAUTILUS (AP) — The world's first atomic submarine, the Nautilus, Monday night fulfilled a prediction conceived by Jules Verne 87 years ago.

The scene was off the continental ledge in the depths of the Atlantic Ocean.

Just before 8:30 p.m., Capt. Eugene P. Wilkinson, skipper of the modern Nautilus, stood in the soft glow of the red lights of the attack center, and announced:

"In a few minutes we will witness a feat that has been unknown to man except in the world of fiction—this ship, our Nautilus will log her 20,000th league."

Second Arab Leader Confers With President

WASHINGTON (AP) — A second member of Arab royalty, Crown Prince Abdul Illah of Iraq, today began a round of discussions with President Eisenhower and other U.S. officials on the Eisenhower doctrine for protecting the Middle East from Communism.

Illah, a power behind the throne in his country, was scheduled to confer with Mr. Eisenhower this morning, with Deputy Defense Secretary Reuben B. Robertson at lunch and with Secretary of State John Foster Dulles in the afternoon.

IN ADDITION to discussing the overall Middle East situation, the prince will ask for increased U.S. military aid and perhaps more economic aid for his nation. Among other things, Iraq is reported to want American jet planes.

Iraq, along with Turkey, Pakistan and Iran — all members of the pro-Western Baghdad Pact — already has endorsed the Eisenhower doctrine. But the prince is seeking first-hand knowledge of how the President's plan will be carried out.

THE PLAN HAS been explained in Washington, King Saud of Saudi Arabia. Saud has indicated he is in full sympathy with it and believes other Arab nations will accept it when they are filled in on the details as he has been.

Dulles was expected to discuss both Arab and congressional reaction to the plan at his news conference today.

BBC Televises Baby's Birth

LONDON (AP)—The British Broadcasting Corp. televised the birth of a baby Monday night.

Most viewers agreed it was done with remarkable tact, but the dissenting tabloid Daily Sketch quoted a "father of two" today as saying BBC was turning television "into an ultra-sensational horror comic."

THE BBC SAID at noon it had only eight telephone calls from the millions who watched the program around their firesides after most children were asleep. Six calls disapproved, two approved. The birth of the baby came as part of a program in which "nat-

ural birth" expert Grantly Dick Read defended his system whereby the mother helps guide the baby into the world—a system opposed by London doctors.

ONE OF THE doctors present said after the film, "I wouldn't like any patient of mine groping around trying to help her baby out." The doctors were not identified in line with British Medical Association policy.

The Daily Sketch was the only newspaper to protest. It carried a headline "Revolt—By a Father of Two" over a story by Alan Gardner.

Weekend Traffic Heavy as 20,000 Visitors Here

Heavy traffic lined the streets of Palm Springs over the past Rodeo weekend, and according to official sources the Village's population swelled to more than 20,000 persons as visitors escaped the rain and snow of Southern California cities.

And with Palm Springs police reserve officers pressed into service, traffic accidents and parking arrests were held to a minimum. Police reported only two minor accidents, both in residential areas, and issued only 10 parking citations during Saturday and Sunday.

For the three-day weekend, police reported the arrest of about a dozen persons for drunkenness, and there were two reports of car clouts, in which the cars were broken into and articles taken from them.

Rodeo chairmen Kenny Paul and Mac McDonald reported the rodeo "very successful," with the profits "a little under last year." More than 10,000 persons witnessed the rodeo during the two days, when top cowboys competed for prize money.

Rotarians to Hear Judge Swain at Meet Wednesday

Judge Frank G. Swain of the Los Angeles County Superior Court will be the featured speaker at the Wednesday luncheon meeting of the Palm Springs Rotary Club, using as his topic, "Humor in Business."

Judge Swain, who has served in his present position since 1935, also is a well known writer of humor. His book of light verse, "Judicial Jingles," was published a year ago by Pageant Press, Inc., of New York.

A native of Los Angeles County, he has lived there most of his life. He attended the University of Wyoming, where he won a Rhodes Scholarship. After attend-

ing Oxford for three years he served as an infantry lieutenant during World War I, and then practiced law in California for 16 years before being appointed judge of the Los Angeles Superior Court in 1935.

Rotary President Jim Cavett will preside at the meeting.

'Skippy' Orsi To Supervise Italian Dinner

The noted Italian chef, Albert "Skippy" Orsi of Skippy's at Hacienda on the Russian River, will supervise the sixth annual Italian Dinner of St. Louis parish in Cathedral City. Chef Orsi, though on vacation, has consented to use his talents to make the forthcoming fiesta the best ever.

The seven course dinner will be served Wednesday, from 4:30 to 8 p.m. in the parish hall, Glenn and B Streets. The traditional antipasto or appetizers such as salami, ceci and relishes will introduce the main course of spaghetti and meat balls, with sauce a la Torinese and real parmesan cheese added to taste. A mixed green salad with chef's dressing will be served. Beverages and a dessert will compliment the efforts of the Italian-American parishioners.

The food prepared will be properly seasoned—more on the bland than the spicy side which some associate with certain types of Italian cooking.

Last year's attendance jumped 176 persons over the previous season.

BOY SCOUT PROGRAM HAS BENEFITTED MILLIONS

This month America observes the birthdays of three of this nation's most illustrious sons—George Washington, Abraham Lincoln and Thomas Edison. It is appropriate that February should also be the birthday of this country's largest youth organization—the Boy Scouts of America.

Scouting in the United States reaches its 47th anniversary this month, and Feb. 6 to 12 will be observed as Boy Scout week. The occasion will be marked by special Scout programs here in Palm Springs and in tens of thousands of communities throughout the land. Fortunate indeed are the communities in which Scouting flourishes.

Since Feb. 8, 1910 more than 26,000,000 American boys and men have benefited through the Scouting program—have been influenced by the Scout Oath and Law. They have participated in the training program, fellowship, handicraft skills and high adventure which Scouting has provided. Many of America's greatest leaders have credited Scouting as a great influence in their lives.

Adults Provide the Leadership

Thousands of men of all ages and in all walks of life give generously of their time in implementing the Boy Scout program. Other millions of Americans contribute to this great youth organization through their Community Chests.

The Boy Scout organization in Palm Springs (along with the Girl Scouts) will share in the fund now being raised by our local Community Chest campaign. The benefits our own boys and girls enjoy through these youth guidance programs should alone encourage more people to give generously to the Palm Springs Community Chest fund which is considerably short of the minimum needs of participating agencies.

Scouting is made possible largely through the active sponsorship of churches of all denominations, schools, civic clubs and other community institutions. Practically all of the 1,200,000 adults who serve as leaders are volunteer workers. Only a little over 3,000 men in the whole national Scout organization are full-time career Scout executives. In no other country in the world do we find so many men and women of high moral character willing to share their time as volunteer leaders in character-building youth programs.

If not a volunteer worker, you can also have an important share in the program by helping provide the active leaders with buildings and equipment. If you have not made your contribution to the Chest, do so this week—Boy Scout Week!

It might be fitting if you dedicated your gift to those three Great Americans—Washington, Lincoln and Edison—who did so much to provide the fertile soil in which Scouting has flourished.

HOLMES ALEXANDER:

'After You, Sir Anthony'

WASHINGTON, D. C.—As Eden went, so goes Dulles, and for the same reason. British-American friendship is the one indispensable ingredient of the civilization we call our Western World. The moral fraternity of the great English Speaking Peoples, as Winston Churchill has preached for decades, is the vital spark. It has kept alive the memory of man's best heritage and the hope of man's best future.

Without meaning to be lyrical or hysterical about it, I think we should concede that any statesman who permits this Anglo-American kinship to wane has outlived his usefulness on both shores of the Atlantic.

THIS IS A STATEMENT of fact, I believe, without at all implying that we are in political wedlock with the dowager empire of Britain or have any obligation to support her in her follies, be they socialism or neo-imperialism.

It was once true, in Jefferson's words, that we were "married" to the British fleet in defending this hemisphere. But in the century and a half since then, the relationship has diametrically altered. Britain today cannot survive without our sea and air fleets, or without our financial support.

THIS BRITISH dependence on us is the very reason why we should make the big policy decisions, as was done in the case of Suez. Our relationship in corporate terms is one of partnership, and we are the senior in rank, prestige and stock control. I would be unthinkable to sack the junior partner, but it would be equally unthinkable to let him boss the firm.

ETERNAL REVENUE

(South San Francisco Enterprise-Journal)

Apparently thinking it news, a wire service in Statesville, North Carolina, reported that a U. S. District Court received a \$20 check made out to "U. S. Eternal Revenue Office."

The News, if any there be, can only be that a word at long last is spelled right!

FOR VALUE RECEIVED

(Waseca, Minn., Herald)

Educators today are emphasizing the need for better pay in their profession. That is necessary with so many leaving the profession. However, there are some who believe that perhaps the present

scale is not too far out of line. We would not hazard a guess on that point.

We must recognize that every time labor has been granted a wage increase, industry has increased labor's efficiency either through improved methods or better tools. Our ignorance prompts us to ask whether educators are preparing to meet the problems of 1970 with similar improvements in their efficiency?

THIS SIDE of The Sun By Phat

You say that at times
You can't think of rhymes
Every effort turns out a dud.
Why stop just at verse,
I'd make it more terse

Say you can't think, period.
That was another of the finer responses to my recent invitation to write your own poem for the top of this column. That was one Saturday when I provided a blank space for a Go-It-Yourself spot of rhyming.

(P.S. I did get some flattering efforts, too, but am too modest to publicize same.)

RECEIVED A NICE LETTER from Celeste E. Daniels who says she resides here every winter. Not only did I like the complimentary tone of her letter but also the fact that she contributed sufficient words to fill today's piece. This is a busy week, I can use the time she saved me in today's chore.

Her enclosed article was entitled "Definition of a Boy" and follows:
"After a male baby has grown out of long clothes and triangles and has acquired pants, freckles and so much dirt that relatives dare not kiss it between meals, it becomes a boy."

"BOY is nature's answer to the false belief that there is no such thing as perpetual motion. A BOY can swim like a fish, run like a deer, climb like a squirrel, talk like a mule, bellow like a bull, eat like a pig or act like a jackass, according to the conditions of the moment. A BOY is a piece of skin stretched over an appetite. He is a noise covered with smudges. He is a tornado, coming in at the most unexpected times, hitting in the most unexpected places and leaving everything a wreck behind him."

"BOY IS A GROWING animal of superlative promise, to be fed, watered and kept warm. A joy forever, a periodic nuisance, the problem of our times and the hope of the Nation. Every BOY born is evidence that God is not yet discouraged with Man. Were it not for BOY, newspapers would not be delivered and would go unread and a thousand picture shows would go bankrupt."

"BOYS are useful running errands. A BOY can easily do the family errands with the aid of five or six adults. The zest with which a BOY does each errand is equalled only by the speed of a turtle on a hot July day."

"The BOY is a natural spectator. He watches parades, fires, fights, ball games, automobiles, boats and airplanes with equal fervor but he will not watch a clock. The man who invents a clock that will stand on its head and sing a song when it strikes will win the undying gratitude of millions of families whose boys are forever coming in for luncheon along about dinner time."

"IN SPITE of all efforts to teach BOYS good manners, they faithfully imitate their fathers. But if a BOY is not washed too often and if kept in a cool quiet place after each accident, he will survive broken bones, hornets, swimming holes, fights and nine helpings of pie."

Thank you very much, Celeste Daniels, for taking care of my task today.

Foreign Bodies in Bronchial Tubes

The larynx or sound box is the first portion of the respiratory tract as we leave the mouth and go downward. In addition to producing phonation it serves therefore as the first channel for breathing.

In the extremely complex act of swallowing it moves forward and upward against the cushion of the epiglottis which covers its opening allowing food to pass down the gullet or esophagus and preventing these foreign substances from being aspirated into the lower respiratory tract.

IF AN OBJECT is kept in the mouth and not swallowed, it can very easily and readily fall back into the unguarded larynx because of inattention, sleep, fatigue or inebriation and especially during the inspiratory phase of coughing.

This latter because the epiglottis is not alert and functioning to compel these foreign substances to pass down the esophagus into the stomach. It is particularly in childhood with the tendency to play foreign bodies in the mouth and hold them there that this serious condition occurs although foreign bodies may be aspirated at any age.

A FOREIGN BODY which lodges in the larynx is readily determinable. The patient senses its presence and complains of pain, hoarseness, shortness of breath and cough and sometimes a spasm producing a peculiar crowing sound.

If it is an organic substance such as peanut, popcorn or the like, it may quickly produce inflammation, swelling and obstruction making necessary an incision into the trachea or windpipe below and the placing of a tube through this incision to allow breathing to continue.

IF THE FOREIGN body settles in a bronchial tube in this area and blocks the tube completely there is a loss of air in the portion of the lung supplied by that tube and the bacteria or germs which are always present may grow in abundance allowing for

the development of pneumonia and in many instances, an abscess develops.

This development is usually the result of organic substances such as particles of food, peas, beans, corn, any vegetable, meat or the like being aspirated. Occasionally, they may be coughed up.

The inorganic substances such as a broken off tooth, a dental filling or any metallic object does not cause the reaction but produces a cough with some secretion and may become walled off producing thickening of the lung with changes very frequently resembling asthma.

I HAVE SEEN needles, pins, toothpicks, safety pins, tacks, small metallic figures that are found as prizes in packages of breakfast foods. Fortunately most of these can be seen on apparatus which enables one to localize the exact plane in which the foreign body is located.

Thus it can be removed in most instances through a bronchoscope or metallic tube with a very fine forceps aided by aspiration. The infection which has resulted can of course be treated as any other infection with antibiotics.

Unedited

Arthur "Conky" Conkwright had just returned to Palm Springs from the Riverside County Hospital. For three or four weeks prior to his return people had been asking us "what happened to Conky?" I set about to find out and my route led to the hospital where I had a chance to talk to the doctor in attendance.

He did not tell me anything that I did not already know and that most of us who knew Conky did not know—that his heart was in very poor condition.

WELL, HE CAME out of that setback and returned, as I stated in my first line. Sure enough, in about two or three days, Conky was out on the street with that polaroid camera snapping pictures for his "Pup" publication. He greeted me with great profusion and thanked me for the notice which appeared in this column. Then I admonished him about working.

"It makes no difference, Bill," he replied. "I've lived longer than I should and if I pass out I want to do so on my feet."

This man Conky had a great deal of intestinal fortitude. When he said, "I've lived longer than I should," he was sincere in that statement. What life handed him he took. If it was not to his liking he fought tenaciously to change it if possible. And funny part of it is, he quite often did. Truthfully now, he took the criticism of some of this town, shrugged it off his failing shoulders, and came back with a rejoinder that either stunned you into silence or made you laugh.

CONKY DIED on his feet all right, at the Tennis Club Saturday night. Sunday, my telephone rang and Roy Randolph came up with this, to which I agreed.

"Conky's last 'Pup' is ready for publication and some of us would like to put it out for him. Will you help us, Bill?" Sure,

I'll help. We will do it up nice and brown just as Conky would have liked it.

If I have my way I'll put ginger bread all over the front page and then border it in mourning black as is usually done when a publisher passes on into that "Fourth Estate" from which there is no return. So long, Conky, from me and many others who admired your steel-like determination to keep going.

TO THE LIGHTER side of things now. I'm going to really have myself a ball Thursday, St. Valentine's Day, Feb. 14. I have been asked to sponsor a beautiful young lady just graduated from the Western Air Lines School for stewardesses. The event will be held at El Mirador Hotel. Luncheon will be served, but who'll want to eat, I'd like to know?

One of the most interesting conventions to assemble at El Mirador Hotel in February will be the Pacific Coast Surgical Association. Members of the Association come from the entire Pacific Coast, and approximately 250 of these men and guests will be present.

TO BE DISCUSSED will be aspects of the newer methods of surgery of the blood vessels, the relief of crippling leg cramps due to the blocking of blood vessels of the leg which may save many from amputation.

Of great interest to mothers will be the possible eradication of disfiguring birthmarks of children, due to blood vessel tumors which produce those large strawberry colored blotches. Another subject of interest will be the removal of rare tumors of the heart.

These stories as they are released at the convention will be carried in the columns of The Desert Sun.

Should be interesting reading. Watch for them.

With the "winter season" in full swing, and the snow on Mt. San Jacinto, only a few hardy souls are playing shuffleboard and swimming. Most of us are contented to do "indoor sports" and admire the glistening mountain from the warm and cozy trailers. Games, refreshments and a gala potluck dinner were on the agenda for the 34 trailerists of the California Caravan Club from Burbank, when they were guests of Lottie and Paul Hoffman, Saturday, at Beckley's. Headed by club president Frank Philpott and secretary Mable Clark, nine trailerists made the trek to the desert.

MR. AND MRS. A. H. Stovall have returned after a long "holiday" in the city. Mr. and Mrs. R. D. Woodrow from Salem, Ore., are glad to just be reading about the snow in Oregon. Roy and Lillian Solem are tired out after their trip to Las Vegas and Phoenix with friends from Illinois.

Dr. and Mrs. Nat Schreih from Michigan are in Palm Springs with their new 30 foot trailer, visiting with the Hawkins before leaving for Tucson.

MRS. MINNIE LONG Beckley from St. Joseph, Mo., is enjoying a month with Ben and Rose Marie. Last week she invited Mrs. Wanda Burdick to attend the Palm Springs Women's Club fashion show as her guest.

For those who have vacation trailers, it is a nice trip to Organ Pipe National Monument in Arizona, 320 miles from Palm Springs. The road is perfect and there is a government, free, trailer park with spaces for more than 50 trailers.

IT IS A BEAUTIFUL spot among the Organ Pipe and Saguaro cactus. The Monument is located south of Ajo on route 85 and the trailer park is located at the south end of the area, another 25 miles, within five miles of Sonoma, a small Mexican village.

A good paved road extends 60 miles further south to the fishing village of Rocky Point, Mexico, at the head of the Gulf of California. Food and other supplies should be carried because Ajo is the closest shopping center.

Prairie Schooner

By CLEVE PERROTT

How nice to be in Sunny Old Palm Springs when the reports

from home tell about cold, snow, sleet and ice. Do you remember way back when we would snap a clean icicle from the barn and eat it. No ulcers.

Shuffleboard is fast becoming the favorite sport at the Prairie Schooner. When you consider that this is the first year for most of our guests we have developed some good players. Some of the ladies have the ease and rhythm of real sharpshooters. Saturday we had an inter-park game with Ramon. The final score was two-all.

Ramon was represented by Priester, Walker, Meridith and Walker. The home team was DuBeau, Hill, Kramer, Olson. After the game the ladies of this park had a tea honoring the visitors. Carol Sturdy was hostess, and Mrs. Crandall and Mrs. Kramer poured.

OUR REGULAR Friday night dances are very popular as several visitors attend from other parks. Mrs. Lawrence, Mrs. Segerstrom, and Mrs. Bettendorf, of The Horizon, baked the cakes served at the intermission of last Friday night's dance. With the excellent music of Bob and Nellie Skiles, Prairie Schooner is fast becoming the round dance capital of the valley.

Mr. and Mrs. R. J. Farrell just returned from a five-week trip through the East. They spent the holidays in Columbus, Ga., visiting their son, Col. and Mrs. W. W. Hawke. From there they drove to Green Bay, Wis., where Mr. Farrell has several relatives. They report a very enjoyable trip and good roads. The only inconvenience was a frozen carburetor. The temperature rose to four below on a warm day at Green Bay.

AMONG NEW arrivals are Mr. and Mrs. V. H. Young, Boulder, Colo.; Mr. and Mrs. R. R. Cox, Kamiah, Idaho; Mr. and Mrs. E. S. Ballow, St. Louis, Mo.; Mr. and Mrs. R. Wood, Davenport, Iowa.

Also Mr. and Mrs. S. R. Thompson, Forest Grove, Ore.; Mr. and Mrs. J. E. Williams, Portland, Ore.; Mr. and Mrs. C. J. Finnie, Melior, Saskatchewan, Canada.

Sweet, smooth and sassy—that's Chevrolet all over. Above, you're looking at the Bel Air Sport Coupe.

Clings to the
road like a
stripe of paint!

The '57 Chevy can give lessons on taking curves and holding the road to just about any car going. Few cars at any price are so beautifully balanced and so smooth, sure and solid in action.

A car has to have a special kind of build and balance to keep curves under control. And nobody outdoes Chevrolet in that department! It "corners" with all the solid assurance of an honest-to-goodness sports car. Chevy doesn't throw its weight around on turns because it carries its pounds in the right places.

And if the road should turn upward, Chevy can take care of that nicely, too—with up to 245 h.p.*

Come on in and take a turn at the wheel of a new Chevrolet.

Final Appeal For Christmas Seal Fund Made

Hopes to keep abreast of the public demand for Christmas Seal supported services now depends upon response to a final appeal letter mailed to all persons who have evidenced interest in TB control measures but who have not yet responded to the annual Christmas appeal for funds, according to Mrs. H. Lauritz Hansen, Desert area chairman.

Reporting the campaign to be about \$4,000 short of its expected goal, Mrs. Hansen said, "The TB Association's X-Ray and tuberculin testing projects alone involve direct services to over 35,000 people in the county each year while the total number of individual contributors have never exceeded 18,000. We will need at least 20,000 supporting friends to meet the growing need for these services."

Expressing confidence that the \$40,000 goal would yet be reached, Mrs. Hansen explained that over 7,000 of the final appeal letters had been mailed to county residents and that 1,125 had been delivered to the Desert area homes.

"The current rate of mailed in returns is encouraging and we anticipate a generous response to the recent reminder," she said.

Gas Company Seeks Rate Hike

Southern California Gas Co. today filed an application with the California Public Utilities Commission for authorization to increase gas rates to its 1,600,000 customers by about 8 per cent overall.

Company officials said the proposed rate hike would raise the bills of general service customers in the Los Angeles metropolitan area about 40 cents a month for those using minimum amounts of gas to 55 cents a month for large volume users.

In outlying area, including the San Joaquin Valley, and Riverside, San Bernardino and Imperial Counties, where gas rates are generally higher, the increase would range from 25 to 40 cents a month.

Australia leads the world in wool production. The annual clip from the country's 131,000,000 sheep sells for about \$900,000,000.

Palm Desert CofC Takes Stand on Highway 111 Future

Palm Desert Chamber of Commerce has officially gone on record in opposition to the conversion of Highway 111 into a high speed freeway, and has requested that rights-of-way for such a highway be purchased in the area north of the present Palm Desert subdivisions.

The Palm Desert group is the first to take such action, with other Chambers along the Highway 111 route expected to consider the matter in the near future, and take an official stand.

THE CALIFORNIA Division of Highways is currently studying the Highway 111 situation, and has requested opinions of all civic groups, with the possibility that agreement among the various groups might secure faster action on improvement.

The Palm Desert Chamber also urged that the speed of vehicles through Palm Desert be limited to 35 miles per hour, and that signs be posted on the highway pointing out this fact. The highway department also was asked to place signs at the intersection of Ramon and Del Sol Roads, and at Highway 99 and Del Sol Road, pointing out the routing to Palm Desert.

CHP Reminds Drivers About School Bus Law

Drivers failing to stop for school buses displaying flashing red lights have been involved in several traffic accidents in the state this month, says the California Highway Patrol.

"The law is clear on this subject and it prohibits a driver approaching from either direction from passing along any street or highway," declared Patrol Commissioner B. R. Caldwell. "The only exception is when a school bus displaying the flashing red lights is stopped on the opposite portion of a divided highway."

It should also be remembered that it is not necessary to stop if the school bus is stopped and the red lights are not flashing," Caldwell stated. "The important thing is to know and obey all the laws regarding school buses thus helping to protect our children."

Area Business Group to Meet

Cathedral City Area Business Association will hold its regular meeting at noon Wednesday at Cisco's, with Donk Davis, manager of the Palm Springs District Office, California Water and Telephone Company, as the speaker.

Davis is expected to discuss the current construction under way, and future telephone service improvement planned.

Mrs. Hudson Werder of Shadow Mountain Terrace has had a far-flung and interesting group of guests this past week. Mrs. John A. Bellows of Tucson, the A. Kallours of Williams Lake, B.C., Mrs. Maya Round of La Jolla, the Basil Harris of La Canada, also the E. J. Engels and daughter, Nancy of the same city. Mr. and Mrs. R. M. Trafton Opens New Automotive Repair Business

Rich Trafton of Los Angeles, announced the opening today of his new automotive repair shop on Highway 111 in Rancho Mirage.

Originally from San Francisco, Trafton has been in charge of the tune-up department of Murphy Oldsmobile, located at Wilshire and La Brea in Los Angeles for the past eight years.

Before joining the U.S. Marine Corps where he spent four years on the Hawaiian and Canton Islands, he was chief mechanic with Oldsmobile General Motors trucks in San Francisco.

An enthusiastic racing fan, he built his own Indianapolis type race car which he enters regularly in racing events of the West Coast.

Trafton is assisted in his new shop by Clyde Price, also from the Los Angeles area and who has been with General Motors for the last 20 years.

De Luxe Children Raise \$30 for March of Dimes

A few weeks ago the children of Deluxe Trailer Park in Cathedral City decided they wanted to do something for the March of Dimes. They started rehearsing a "show," and with the help of Den Mother Mrs. Betty Schroeder, presented it at the Potluck Supper held in the Park's Recreation Hall.

Donnie Schroeder was master of ceremonies. Kathy Wood, a former polio victim, and whose mother died in an iron lung, spoke of the benefits made possible by contributions to the Polio Fund.

While Charles Adelman played the Marine Hymn on his accordion, Susie Hines and Nancy Cramer twirled batons as Karen Groves danced a ballet number. Kenny Carr played a violin solo, Kathy Wood gave her interpretation of an Hawaiian dance, and Donnie and Mary Beth Schroeder sang a duet "Strolling Through the Park."

Gene Hendershot played an accordion solo, and John Hendershot sang "Ain't Got No Use for The Women." Diane Greeley danced the Charleston in a gay nineties costume, and Bob and Dennis Down, Jon Hendershot and Charles Adelman presented an acrobatic act.

The grand finale was "Do Your Ears, Hang Low," by the entire company.

Through the efforts of the children \$30 was collected for the March of Dimes.

Here from Riverside to spend the weekend with his parents, Mr. and Mrs. Joseph Miller, were Mr. and Mrs. J. E. Miller and daughters, Nancy Joe and Robin. Joe Miller Jr., is head football coach at Colton High School.

The latest unique creation by Constance Holland, at her ceramic studio on Highway 111, is a two piece tile with "God Bless Our Home" written in Japanese, for "Girard and Sands" in the Green Dragon Colony at La Jolla.

Extensive Rockhound Exhibit Planned at Fair

Field trip information and mineral maps will be a special feature for rockhound visitors to the 1957 Riverside County Fair and National Date Festival, according to Omar Kerschner, supervisor of the fair's sprawling gem and mineral department.

Mary Frances Berkholz of Valermo, Calif., field trip chairman of the California Federation of Mineralogical Societies and author of many mapped rock trip articles for mineral journals will supervise the field information booth.

DEALER SPACE in the 23,400 square-foot Gem and Mineral and Junior Exhibits Building, built last year, was sold out several weeks ago, reports Stewart W. Yost, fair official.

This year, each dealer will fill two exhibit cases with choice material, in addition to specimens displayed for competition.

Participating in the show will be numerous mineralogical societies from Southern California, including the San Geronimo Gem and Mineral Society, Banning Mineralogical Society, Imperial Gem and Mineral Society, Orange Belt Mineral Society, Shadow Mountain Gem and Mineral Club of Palm Desert, Coachella Valley Mineralogical Society and the Desert Gem and Mineral Society of Blythe.

COMPTON GEM and Mineral Society has promised several cases of prize material from the 1956 California Federation show. There will be mining exhibits displayed by the Riverside Chamber of Mines and Desert Chapter of the Western Mining Council.

Special exhibits include the Pickington onyx dinnerware set, Erna Clark's rock foods, Paul Intyre's spheres, a case of desert roses by Bernice Kiefer, and Kerschner's fulgurite collection an assortment of odd formations fused in desert sand by lightning or high tension power lines.

The Gem and Mineral building will be open every day of the fair, Feb. 16 through 24, from 10:30 a.m. to 10 p.m.

The evening meetings are scheduled for the benefit of the parents who are unable to attend the afternoon sessions. Refreshments will be served by the room mothers of Mrs. Erickson's combination second and third grades.

Brightening Mirage Road are the beautiful lighting effects of the Lou Jerkey home. Mr. and Mrs. Lou Jerkey spend most every weekend at their Rancho Mirage home.

Friends in England Are Now Neighbors in Rancho Mirage

Friends in England, the Sir Cedric Hardwicks and the Alec Coppel are now neighbors in Rancho Mirage.

Lady Hardwick (Mary Scott) of motion pictures and TV) purchased the new home as a Christmas surprise for Sir Cedric, famous motion picture star, adding a Hoams built swimming pool.

Now that the home is complete in every detail, they have been coming down from Hollywood each weekend, accompanied by their nine-year old son, Michael. The Alec Coppel have been enjoying weekends at their home on Ocotillo since early December. Mr. Coppel is a writer for Alfred Hitchcock Productions.

Manny Strand, well known former bandleader, who before coming to the desert was associated with Alfred Hitchcock, negotiated the

Around Town

with Hildy Crawford

This is one of those weekends . . . for which we really need polka-dot ink . . . Black and white seems a little cold . . . to record all the color of Palm Springs . . .

with its parade and rodeo . . . fashion shows and brunches . . . Golden Nugget Ball . . . and Sunday night parties . . . It was a big weekend . . . with lots of people in the Village . . . as you know if you tangled with the after-parade crowd to get to Thunderbird for Marusia's fashion show . . . or mingled with the throng at the Golden Nugget Ball . . . Now it's a gay tangle of memories to be woven into the story of how Fabulous February got off to a famous start . . .

I'm not a ball fan . . . so I don't quarrel with the umpire's decisions . . . but I'd like to exercise my prerogative and say I didn't agree 100 per cent with the judge's decisions at the Golden Nugget Ball . . .

Ginny Simms and Joan Bering were two of the loveliest ladies at the Ball . . . and beautifully gowned . . . and Mrs. Bill Shen, in a brief black outfit hung with tiny golden bags of golden coins . . . carried out the theme . . . Dorothy Gray and Velma Silverman were vastly becoming dance hall costumes . . . and Willie Rogers was wonderful with that form-fitting satin gown with sweeping train . . . and towering hat with multi-colored plumes . . .

If there had been three more prizes . . . I would have given one to the Maynard Laswells (their clothes were period pieces) . . . one to Waltah and Gretchen Clarke who were a delightful Japanese couple . . . wearing placards that read "How far west can you get?" . . . and some kind of a prize to Jayne Mansfield . . . whose western garb consisted of a pair of pants, a bandana bra . . . and a western hat . . .

Winning the prizes for best-dressed couple were Jerri and Stewart Hopps . . . who were celebrating their 18th wedding anniversary . . . They came as an early California bride and groom . . . and "Trav Rogers, who really was their best man 18 years ago . . . joined the wedding party as best man . . . and Willie as matron of honor . . .

The Hopps, who leased the Eddie LeBaron house at Vereda Sur . . . gathered their wedding party and a few friends for cocktails and snacks . . . preceding the Ball . . .

Guests were the Rogers, Harry Joe Browns, Elsa and Bill Basichis . . . Velma Silverman (Edie's in Chicago for a few weeks . . . but plans to stay until June . . . once he gets back here) . . . Veva Selig, Edith Luce, Joan Bering, Edna Rothbart . . . Jimmy Morton, Donald Stralem, John Morris, Manuel Alvarez . . . Pete Pettito and three of the Crosby boys, Phillip, Dennis and Lindsay . . .

Quite a few wedding anniversaries were being celebrated that night . . . It was the Bill Perlberg's 29th . . . and the Richard Rands' 10th . . . The Rands and their youngsters weekended at Smoke Tree Ranch . . . Jack and Bonita Wrather were observing their 10th anniversary . . .

(Listen to Hildy Crawford, Monday through Friday, at 11:30 a.m., on KDES, 920 on your dial.)

Golden Nugget Ball Is Brilliant and Sparkling

The Golden Nugget Ball at the Tennis Club Saturday night was one of the most brilliant and sparkling ever staged, with the Club overflowing with gaily-costumed couples, who dined and danced to the music of Freddy Karger's orchestra.

Dance hall girls in elaborate gowns and plumed hats were numerous; there were many in fancy western outfits; and it was gay as a costume ball should be.

Waltah and Gretchen Clarke came as a Japanese couple wearing placards that read "How Far West Can You Get?"; Mrs. Austin McManus wore a boyish treader's outfit; Mrs. Bill Shea was eye-catching in black hung with tiny gold mesh bags filled with golden coins, the Maynard Laswells were strikingly attired in early day costumes.

Queen Jayne Mansfield wore western pants and hat and a bandana bra, and was escorted by Mickey Hargitay.

First prize of a Rex hat went to Mrs. David Hearst and second to Mrs. Frank McClintock. Mrs. A. E. Young won third prize, and Mrs. Richard Dorso (wife of the editor of Glamour magazine) was fourth prize winner.

Winning the prize for best-dressed couple were Mr. and Mrs. Stewart Hopps, who were celebrating their 18th wedding anniversary. She was a charming early California bride in pearl-trimmed ivory gown and a tulle veil held by a glittering tiara, and carried an old-fashioned bouquet of carnations. He wore a frock coat over a golden vest, and a top hat. They brought their own wedding party with them, including Trav Rogers, who had actually been best man at their wedding. Mrs. Rogers, wearing a fitted blue satin gown with train, and a towering hat of multi-colored plumes, was matron of honor.

Jimmy McHugh, whose Jimmy McHugh Charities Inc. was sponsoring organization, Louella Parsons, Ray Ryan, Faye Emerson, Jack Wrather were judges, with Frank Bogert at the microphone.

Three of the Crosby boys, the twins Philip and Dennis, and Lindsay, and Bing's sister Rose Mary Pool were in the crowd, as was Jolie Gabor, mother of the Gabor sisters.

The Bill Perlbergs were there with a party and celebrating their own 29th anniversary. Both the Richard Rands and the Jack Wrathers were observing 10th anniversaries.

Mrs. Greg Bautzer, Dana Wynter, won the Marusia ball gown and the elaborate negligee went to Mrs. J. Ross Clark II.

The prime rib dinner concluded with coconut snowballs. Proceeds from the Ball go to the Women's Auxiliary of Desert Hospital.

Sixsmiths Celebrate Anniversary

Forty-seven years of married life were celebrated by winter residents Mr. and Mrs. Garnet M. Sixsmith of 1281 Linda Vista Road, Saturday evening at the Ranch Club.

Several of their friends from Chicago and out of town were on hand to help the Sixsmiths celebrate and admire the unique charm bracelet Mrs. Sixsmith received from her husband. The bracelet held individual miniature picture silhouettes of their 12 grandchildren with their full names inscribed on one side and the birthdate of the children on the opposite side.

The Sixsmiths were married in Pittsburgh and now divide their time between their summer home in Lake Chataqua, New York and their home here.

Monday afternoon their long time friend the Rev. John Dempsey flew in from Attica, New York to spend two weeks with them.

Floridan Here To Visit With Teitelbaums

Here to spend a few weeks with her brother Morris Teitelbaum and her sister Mrs. Paul DeMartini, is Mrs. Guy A. Henry of Miami Beach, who was accompanied by David Eichler, Teitelbaum's nephew.

Mrs. Henry's husband is a professor of ophthalmology and the originator of the sight cards, which are used throughout the world. The author of "Eyesight Conservation Counsel," Professor Henry was formerly head of Optical Wholesale National Association. David is a junior at the University of Miami and his father is resident manager of the brokerage firm of Reynolds and Company in New Jersey.

Chi Chi Has Buffet For Sunday Brunch

An elaborate buffet featured the Sunday Brunch at Chi Chi, and the panel for the record judging, included Edward Everett Horton, who opens tonight at the Palm Springs Playhouse; Hoagy Carmichael, and the DeCastro Sisters, who are currently appearing at Chi Chi.

Among guest stars who entertained were Jacques Foti of the Desert Inn; Al Anthony and Doris James from La Paz; and Ukie Sherrin of Zanvilles. The style show presented Hawaiian fashions by Walth Clarke.

Marusia Style Show Sparkles

A sensational Josephine dress in clouds of sapphire chiffon, worn with a great cape of emerald and sapphire satin, was the exciting finale of the sparkling Marusia fashion show luncheon at Thunderbird Saturday afternoon.

Palm Springs socialites, with a sprinkling of Angelenos, filled the big diningroom and lounge for the smart affair, which was sponsored by Jimmy McHugh Charities Inc. as a part of the "Three Days of Fun in the Sun" festivities. The luncheon, like the Golden Nugget Ball that night was a benefit for the Women's Auxiliary of Desert Hospital.

Dramatic theatre were the gowns in the "Auntie Mame" group of adaptations. In presenting them, commentator Lee Anderson read a letter of appreciation from Rosalind Russell, thanking Marusia and Travis Banton for the wonderful clothes they had designed for her to wear in the Broadway production "Auntie Mame."

The collection started with a jacket-dress with the jacket in imported "Mame Red", and white embroidered batiste, with matching feminine bodice and bouffant skirt of white organza. There was a daring imported cotton dress, with green silk jersey bodice and white floral imported cotton skirt and a two-toned cummerbund. A full-length coat of imported basket-weave in a tangerine color with side gold button fastening, was worn with a white Irish linen sheath with gold button trim and a bright green chiffon scarf.

"Social Butterfly" was a white organdy ruffled boa, worn over a dinner sheath of black sheer crepe with soft tapered skirt. Most romantic was a gown of navy point d'esprit over navy taffeta, with an emerald satin band tied in a huge bow, and worn with a matching hat.

An elegant extravaganza was a pale ivory-pink pure silk chiffon dress paired with a slim exotic opera coat of pure silk Platina satin, luxuriously embroidered in diamonds, mother of pearl sequins, jet and crystal drops.

Many of the gowns were slim, chic sheaths with either cartwheel hats or cloches, all designed by Marusia. The entire collection was shown at Dorothy Gray Inc. following the show.

In the smart luncheon crowd were Lily Pons, Prince Nicholas Tournanoff, Jayne Mansfield and Mickey Hargitay, Jimmy McHugh, Louella Parsons, Harry Joe Brown and Dorothy Gray, Mrs. Charles Farrell, Mr. and Mrs. Kenneth Kirk, Mrs. William Bassichis, Mrs. Edward Rothbart, Mrs. Frank Bering, Mrs. William Perlberg, Mrs. Stewart Hopps, Mrs. Edwin Silverman.

Also: Mmes. Austin McManus, Edwin Falgren, John Kenaston, John Dawson, J. Ross Clark, Jack Bligh, W. B. Malouf, Robert Kenaston, Walter Braunschweiger, Mel Eaton, Joseph Grabner, William Reichel, Ed Houghton, E. A. Young, John Costello, Dolph Obergef, Lloyd Frank, Barney Geggensch, Grace Pope. And: Mmes. S. P. Manasse, Joe Dyer, James Tuma, R. R. Hall, Victor Hugo-Vidal, Milt Hicks, Emily DeWare, Maurice Horner, Arthur Bergh, Sydney Schiff, and dozens more.

AT MARUSIA'S STYLE SHOW luncheon at Thunderbird Saturday the diningroom and lounge were filled with a smart crowd watching the showing of the noted couturier's fascinating collection of gowns. Pictured from left, Lily Pons, just back from Washington, D.C.; Dorothy Gray, whose shop has the Marusia clothes; Jimmy McHugh, whose Jimmy McHugh Charities Inc. sponsored the show; and movie queen Jayne Mansfield, who was Queen of the Golden Nugget Ball that evening. (Desert Sun Photo).

THREE CROSBY BOYS, Philip, Lindsey and Dennis, with Pete Pettito, on right, attended the Golden Nugget Ball and were photographed at the Hopps' cocktail party preceding the Ball. The twins, Philip and Dennis, are recently returned from Germany where they were with the United States Army. Gary Crosby is still in Germany. (Desert Sun Photo).

SPORTS in the SUN

The Desert Sun Tuesday, Feb. 5, 1957 11

TODAY'S SPORTS PARADE

By OSCAR FRALEY
United Press Sports Writer
Reg. U.S. Pat. Off.

NEW YORK (AP)—What kind of a heavyweight champion is Floyd Patterson?

Right now that's the biggest one-man question in sports. It may be answered partially this year if the youngest heavyweight ruler in history survives his two planned title defenses in June and September.

BOTH FIGHTS ARE expected to be at Yankee Stadium, and the probable challengers are Tommy (Hurricane) Jackson and Eddie Mache.

At 21, the streamlined boxer-puncher from St. Albans, N.Y., apparently has the body and the fighting philosophy to make him one of the greatest champions of all time.

The ring philosophy that governs his training and fighting is very important. He and Manager Gus D'Amato maintain steadfastly that "the perfect fighter is one who can hit his opponent a stunning blow without getting hit himself."

IN OTHER WORDS, just because Patterson is a knockout puncher who can hit harder than most of his opponents, he doesn't gamble on taking a blow in order to land one. Even when his man has "opened up" in an exchange, Patterson still is just as alert on defense as offense. He hews to this philosophy more closely than any big-time heavyweight since Gene Tunney.

His ability to avoid ancient Archie Moore's punches in the exchanges at Chicago, meanwhile ripping Archie with combinations, was a feature of his championship victory, Nov. 30.

HOWEVER, WHETHER young Floyd is half as good as he looked against 40-year-old Archie is a big question. Certainly Moore didn't put up half the fight expected—either because of his own retrogression or because of Patterson's ability. And Floyd flattened him twice in the fifth round for a knockout.

It must be recalled that our new champion was not nearly as impressive six months before that when he won a split 12-round decision over Hurricane Jackson. However, Floyd fought the last five rounds with a broken hand that June night in Madison Square Garden.

AND MOST WRITERS agreed he won decisively. The two judges favored him 8-4 and 7-5, but Referee Harry Kessler—who often is out of line in his voting—had Jackson ahead, 6-5-1.

Patterson's offense-defense balance may be not only (1) his winning method, but (2) a method that will enable him to hold the title for many years because he absorbs a minimum of punishment in the ring. It's punishment rather than age, that washes up most fighters.

THE NEW CHAMPION has a smart business philosophy as well as is ring melior. He is making plans to become a public relations man for a large industrial firm while he holds the title. And in order to prevent most of his earnings on that job from being absorbed by taxes, he may take a large part of his pay as stock in the industrial organization—making it a "capital gains" deal.

Because of taxes, Floyd plans no more than two defenses in any year. What will he pay in 1960 or 1965 if he's still champion then? And will he be champion then?

Big Ten Asks New TV Rule

CHICAGO (AP)—The Big Ten wants looser controls on football television to forestall legislative pressure which could force the conference out of the National Collegiate Athletic Association. Illinois Athletic Director Doug Mills speculated today.

The conference has proposed that the 1957 NCAA TV plan should have only one restriction: That no school may appear on video more than three times.

STAR THIRD SACKER of the Cleveland Indians for several years and the Most Valuable player in the American League in 1953, Al Rosen has formally announced his retirement from baseball to devote his time as a stock broker. (International)

NEW YORK (AP)—Garnett (Sugar) Hart, remarkable young Philadelphia welterweight was offered his first Madison Square Garden fight today because of his 11th straight victory in a nearly riotous ending at St. Nicholas Arena Monday night.

For almost 20 minutes the 2,176 fans at Monday night's TV scrap barraged the ring with twisted programs, paper cups, cigar butts and banana peels as they yelled their protests against Hart's seventh-round technical knockout victory over Barry Allison of Springfield, Mass. One fist fight broke out at ringside.

AS 20-YEAR-OLD Hart tentatively accepted the Garden offer today, he added it probably would have been better Monday night "if Referee Harry Ebbets hadn't stopped the fight when he did."

Ebbets, a former light-heavyweight contender, said, "I stopped the fight because Allison was taking a bad beating—taking too many punches. He might have been badly hurt."

Ebbets intervened after 22 seconds of the seventh round.

THE OFFICIAL scoring favored Hart, 6-0, 4-2 and 5-1. Hart, who registered his seventh straight knockout and his 20th victory in 21 bouts, was offered Walter Byers of Boston, recent conqueror of ex-champion Kid Gavilan, as a main-event opponent at the Garden on March 8.

"We haven't signed yet," said Manager Marty Stein, "but I'm pretty sure we'll take the match."

USC Squad Said Asking Don Clark Be Named Coach

LOS ANGELES (AP)—Members of the 1956 football team at the University of Southern California today were reported preparing a petition asking the SC administration that Line Coach Don Clark be named head football coach.

The Trojans have yet to name a successor to Jess Hill, who is slated to assume athletic director duties when Willis O. Hunter retires in July. The university has been in the market for a replacement for more than a year.

'Hot' Indians Hope to Cool Off Banning

Kazmier's Cagers Still Angry Over San Jacinto Loss

By LINDSAY NEILSON
Tonight the infuriated Warriors of Al Kazmier will wend their way to Banning for their second meeting of the two teams.

The Indians are still quite perturbed about the "illegitimate" loss they suffered at San Jacinto last Friday, a two point defeat for which they blamed the referee with this defeat in their past, they hope to wallop the Broncos with everything they have.

In their last meeting the Injuns lost in a brilliant overtime period, due mainly to the outstanding efforts of the Broncos' Charlie Brown, who scored four points in the extra three minutes alone. The Redskins lost 39-35.

Last Friday the Broncos really upset the number one team in the county, Elsinore. As it stands now there is a three way tie for first, a two way tie for second and Palm Springs occupies third by itself.

Contest time is 6 o'clock for the Bees and 7 for the Varsity.

In other league action, Coachella travels to Beaumont San Jacinto plays at Elsinore, and Perris goes to Hemet.

Mantle In, Yanks Now Go After Lesser-Lights

By UNITED PRESS
Now that their big gun-Mickey Mantle has signed his 1957 contract, the New York Yankees today went after their flame-throwers in a drive to catch up with most of the other major league clubs in the "fountain pen derby."

Mantle was only the 14th member of the world champions to come to terms when he formally signed Monday for a reported \$60,000. That left 27 Yankees still out of the fold, including the bulk of the pitching staff.

Don Larsen, among the pitchers, is expected to give the Yankee negotiators their biggest tussle on the basis of that unprecedented no-hit, no-run game he turned in against the Dodgers in last year's World Series.

The no-windup right-hander reportedly hopes to double his 1956 salary of \$12,000 this year but the first contract he returned assertedly carried only a \$3,000 raise.

Elsewhere around the baseball front, pitcher Humberto Robinson and outfielder Earl Hersh signed their contracts with the Milwaukee Braves, while White Sox Vice President Charles Comiskey said his team might make a deal with Washington later this week. The White Sox are looking for an outfielder and a catcher and it is known they have made overtures for Roy Sievers and Clint Courtney.

Ex-Notre Dame Star Charged With Burglary

RIVERSIDE, Calif. (AP)—Arthur J. Hunter, 23, an All-America football player at Notre Dame in 1953, was expected to be arraigned today on charges of stealing money from men with whom he played handball.

Police Chief J. A. Bennett said Hunter, who was reported to have signed to play professional football with the Cleveland Browns next season, was arrested last Friday on two counts of burglary and released on \$1,000 bail.

Police said Hunter admitted taking a total of \$60 from wallets at a handball court in the Riverside Elks Club, where he was a member. Hunter's home is in Riverside.

Bennett said money was stolen at the club on two separate occasions.

The runnerup Kansas Jayhawks cut North Carolina's first-place margin from 44 to 31 points in the ratings by scoring a 73-64 revenge triumph over Iowa State last Saturday night and have only one game this week. They play at Nebraska Saturday night.

NORTH CAROLINA, which defeated Western Carolina in its only start last week, received 24 first-place votes and a total of 338 points from the 35 leading coaches who rate the teams for the United Press.

SEATTLE (17-2) advanced from 10 to seventh, Ohio State (11-4) dropped from eighth to ninth and Iowa State (12-4) from ninth to 10th. Seattle received 74 points, Bradley 72, Ohio State 61 and Iowa State 53.

Points are distributed on a 10-9-8-7-6-5-4-3-2-1 basis for votes from first to 10th place.

Big Ten Cage Race Scrambled, Five Teams Even

By UNITED PRESS
Forget just about everything that's happened so far in that torrid Big Ten basketball race—Monday night's defeats of Ohio State and Purdue have turned it into a brand new five-team battle.

The 96-89 wallop handed to Ohio State by Illinois and a 66-54 beating given Purdue by Michigan means that all four of these teams, plus Indiana, are even in the vital "lost column" at two defeats each.

The only difference now is in "games won," where Ohio State has six, Purdue five, and the other three have four each—throwing the door open for any one in the group to drive for the title.

City Council Decides on Action to Be Taken Regarding State Legislation

Proposed legislation before the California State Legislature, relating to this city and area, has been outlined by City Manager R. W. Peterson to the city council and either support or protest will officially be resolved at the next meeting.

The resolution, to be adopted by the city council at the next meeting, will back an amendment to a legislative amendment on the 1911 improvement act which relates to street improvements; will protest a proposition by the State Board of Equalization asking for the levying of tax of one cent on city's which are not under the Bradley-Burns act; and will back a bill to allow school districts to pay the wages, either in whole or in part of school crossing guards. Presently the guards are paid by city funds.

The city council will also pass a

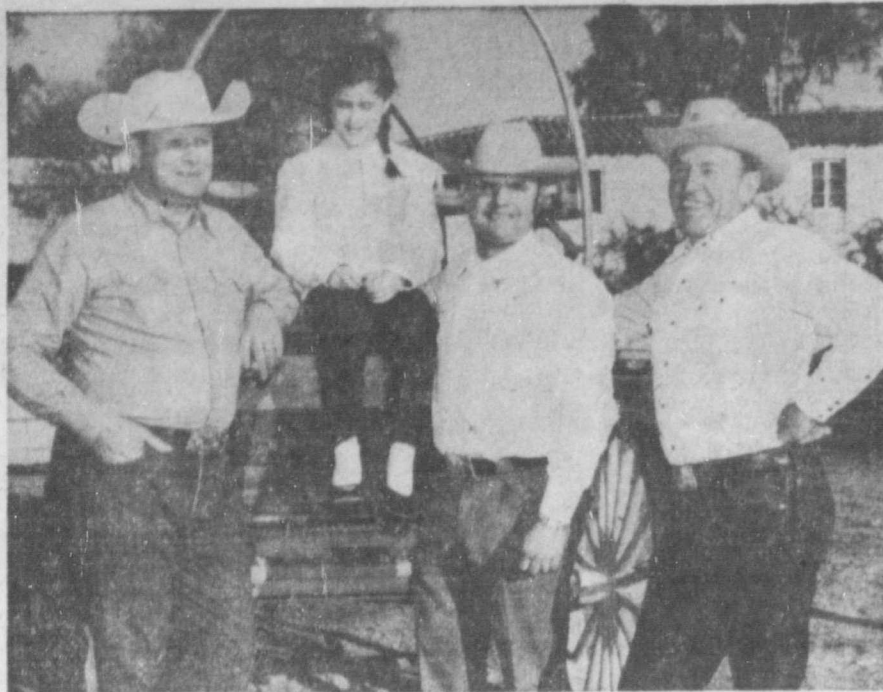

resolution asking state representatives to vote in favor of keeping the Tramway, and against the legislative bill killing the Mt. San Jacinto Winter Park Authority Act.

Mrs. H. B. Tuttle Dies in Ohio

Mrs. Eva Hawkins, owner-manager of the Lauderette, accompanied by her brother, Henry Tuttle, left for Los Angeles Sunday afternoon to board a plane for Lorain, Ohio, to attend the funeral of their step-mother, Mrs. Marion Tuttle, who succumbed to a heart condition Saturday afternoon, Feb. 2, in the eastern city.

Mr. and Mrs. H. B. Tuttle spent a few months of each winter in Palm Springs, visiting with their son and daughter and the grandchildren. Mr. Tuttle, a desert pioneer, first came to Palm Springs in 1922, and built the house on Palm Canyon Drive, the present home of the Henry Tuttle.

Mrs. Tuttle, who was born in Clinton, Ontario, Canada, in 1880, is survived by her husband, H. B. Tuttle; one daughter, Mrs. Fred Kirchenbauer of Cleveland, Ohio; three stepsons, Howard M. and Daniel L. Tuttle of Cleveland, and Henry Tuttle; and stepdaughter, Mrs. Eva Hawkins; also 12 grandchildren.

YOUR INCOME TAX AND YOU---1957

(Editor's Note: Every employed person should now have received from his employer a statement showing how much he earned in 1956 and how much federal tax was withheld. Then the taxpayer can start filling out his income tax form.

The deadline for returns is April 15. But refunds are made first come, first served. If you are one of several million persons who will be entitled to refunds, the sooner you file your return, the sooner you will get it.

And the Internal Revenue Service, too, will be grateful if you file early.

To help taxpayers, the Internal Revenue Commissioner, Russell C. Harrington, has written five dispatches for the United Press. The first follows:

By RUSSELL C. HARRINGTON
Internal Revenue Commissioner
Written For United Press
WASHINGTON (U.P.)—The Internal Revenue Service has tried to make taxpaying easier for you this year, by making no substantial changes in the income tax returns you have to file.

The tax law is essentially the same as last year and the rates of the tax are the same, so we have made no substantial changes in the forms. The time you spent preparing last year's return, therefore, should stand you in good stead this year, because you will be covering familiar ground.

THE ONE CHANGE we have made in the blank forms was to satisfy the many taxpayers who use the simple punch card tax form and want to know how much they owe—instead of leaving the arithmetic for us. For them, we have devised a quick, three-line calculation method to be used if they so choose.

But before I explain that, let me lay down the very basic rules of federal income taxation, in which there have been no changes at all.

The regular deadline for an individual to file his or her return is still midnight of Monday, April 15. The sooner you file, of course, the sooner your return will be processed for billing or possible refund.

THE UPWARDS of 65 million people who must file, in general, those who are citizens or residents of the United States under 65 years of age, having income of at least \$600. Individuals who are 65 or over need file only if their income is \$1,200 or higher.

There are two basic forms on which to file—Form 1040 (white paper) and Form 1040A (a buff colored card, the size of a check, and almost as easy to fill out.

Most taxpayers can use the brief and simple card Form 1040A, including many who are troubling themselves unnecessarily with the longer Form 1040.

THE CARD FORM is specifically designed for persons whose income last year was less than \$5,000 in the form of salary from which the employer withheld money for federal income taxes every payday.

A salary or wage earner with up to \$100 of extra income—from a part-time job or dividends, for instance—may also use the card form, so long as his total income was less than \$5,000.

A HUSBAND AND wife who earn less than \$5,000 from their combined wages and salaries, including not more than \$100 in other forms of income, may also use the simple card Form 1040A to file a joint return.

People whose total income is \$5,000 or more and those having more than \$100 income not subject to withholding must file on the longer Form 1040.

Anyone whose income is less than \$600 need not file any tax return at all, but . . . if taxes were withheld when it was paid to him, he is entitled to a refund. You must file a return to claim that refund.

THE CARD FORM 1040A calls for 16 items of basic information—such things as your name and address, social security number, employer's name, your wages, income tax withheld, names of children and other dependents and signature!

As I pointed out earlier, this year's card form has the one noteworthy change we have made in the tax forms.

The card form has three new lines which give you the option of calculating how much tax you owe in addition to what has been withheld, or how much refund you have coming.

IF YOU CHOOSE to make this calculation, and find you owe more than was withheld, you must send the money in with your return. You cannot wait for us to send you a bill. Anyone who uses the card form will automatically get the standard 10 per cent deduction for medical expenses, contributions and the like, without any extra calculation.

Make out your check or money order to "Internal Revenue Service" we are no longer the "Bureau of Internal Revenue" and mail it with your return to your district director of internal revenue. There is at least one district director in every state.

IF YOU CHOOSE NOT to make the tax calculation, you send the form to the district director as in the past years. He will figure out your tax and send you a bill or a refund check.

In any case, be sure to enclose Copy B of the Form W-2 which your employer gives you, showing how much you were paid and how much tax he held out of your pay envelop.

When you fill out your return, you may round off the dollar figures you use—eliminate anything less than 50 cents, and increase any amount between 50 cents and 99 cents to the next highest dollar.

THE TAXPAYERS who cannot use the card form—those who must use Form 1040—are those who have wage or salary income of \$5,000 or more, or more than

Crime Record Improved Here In December

Crime in its entirety dropped noticeably for the month of December, according to a monthly report presented to city council by Chief of Police August G. Kettmann, who said that only three categories showed an increase: More Citations issued, and in vagrancy and drunk arrests.

Chief Kettmann said in his report that there was a 30 per cent decrease in automobile accidents over last year, and credited the newly formed Palm Springs Safety Council with aiding with this reduction.

CITATIONS ISSUED went up from 264 during the same month last year to 340 for the month of December. There were no fatalities and injury accidents were down from four to three during the holiday month.

The chief said that the continued emphasis on conduct in public places resulted in eight arrests for vagrancy, compared with three for last year, and 30 drunk arrests against 19 in 1956. Burglaries were up from five to nine, but included five car entries.

EIGHTEEN NON-INJURY accidents were listed for December, compared with four injury, 25 non-injury, and one fatality for last year.

Scout Leaders To Meet Feb. 6

Palm Springs District, Boy Scouts of America, will hold its Leaders' Roundtable meeting and Explorers Council at 7:30 p.m., Wednesday, at Frances Stevens School cafeteria.

District Commissioner Harry Hill urged all members to attend.

The deer belongs to the group of animals called Pecora, which includes the true ruminants or cud chewers, with four-chambered stomachs. Other members are the giraffe, antelope, ox, goat and sheep.

From Page 1—MORE ABOUT

CONKY CONKWRIGHT

they rode their gaily decked burros in the Desert Circus Parade.

Still under a physician's care when he was stricken, Conky was scheduled for a checkup in Los Angeles Saturday. He was to have gone there with his wife and daughter, Mrs. June Stephens, of Palm Springs, the daughter of Conky's second wife.

But that would have meant missing the rodeo parade.

"He said he was feeling too good to see a doctor," his daughter related.

IN A LETTER written to his wife in Los Angeles Saturday evening, Conky said: "Kiss everybody and

tell them I am a tough old buzzard."

Besides his wife and daughter, Conky leaves a son, Robert Douglas, of Bronxville, N. Y.; two sisters, Mrs. Myrtle Cohen of Huntington Park; and Mrs. Lydia Rea, of Illinois; three brothers, Cortland, of Champagne, Ill.; Robert, also of Champagne; and Douglas, of New York, with whom Conky established a firm reputation as a "first nighter" on Broadway in the 1920's.

Funeral arrangements will be announced later by Wiefels and Son Mortuary.

Legion Plans Meeting Tonight, Lease on Agenda

Owen Coffman Post, American Legion, will hold its regular membership meeting at 8 p.m., tonight, Tuesday, at the Legion hall, with Commander Froman Golden presiding.

Leasing of the Legion auditorium to Riverside County for office use is expected to be discussed.

Among events planned in the future are the annual visitation to Patton Hospital on Tuesday, Feb. 12, and the social meeting on Tuesday, Feb. 19.

BONNEVILLE, Miss. — Mrs. W. A. Jumper has a lively mule, still going strong at age 49.

Square Dance Class Moves to Intermediates

Lee Mathis, caller and instructor for the Cathedral City P-TA sponsored square dance classes, held each Wednesday night at 7:30 p.m. in the school cafeteria, announced last week that the classes have progressed to the intermediate, and all square dancers interested in intermediate instruction are welcome.

Wednesday night refreshment hostesses will be the room mothers, and homemade cake and coffee will be sold for the benefit of the organization's welfare fund.

Citizens Moves Up 11 Places in National Rating

Citizens National Trust & Savings Bank of Riverside has advanced 11 places in national ranking to become the 149th largest bank in the United States, according to

the annual report of the American Banker, New York daily banking newspaper.

Rank is determined on the basis of total deposits. Citizens climbed

from 160th place, which it held at the end of 1955, when deposits totaled \$162,196,391. A gain of \$12 million during 1956 brought deposits to a total of \$174,411,330 at the year end.
